An adaptable and innovative IT professional seeking a web development position with a progressive company providing opportunity for learning and advancement that will utilize the logic and programming skills developed through my enrollment at the UCF Coding Boot Camp and learning during non-working hours.

In my time at the boot camp, I successfully combined my studies with work and other commitments showing myself to be self-motivated, organized and capable of working under pressure. I have a clear, logical mind with a practical approach to problem solving and a drive to see things through to completion. I enjoy working on my own initiative or in a team. In short, I am reliable, trustworthy, a team player, hardworking and eager to learn.
